The Answer to Your Needs for Massage

A woman with long dark hair is reclining in a black leather massage chair. She has her eyes closed and a peaceful expression. She is wearing a maroon top and has her hands resting on her lap. The background is a softly lit room with a window and some furniture.

With 1117 unique massage modes the EP30002 Real Pro Premium is your ticket to personalized in home massage therapy . Never before has a chair been able to deliver a more tailored massage to meet your bodies needs.

Whether you're looking for head to toe relaxation or fine tuned spot specific therapy, the Panasonic EP30002 Real Pro Premium can provide the relief you need.

Advanced Body Scan Technology

The EP30002 Real Pro Premium will tailor your massage experience to your body by using pressure sensor technology to create a virtual map of your back.

The massage you receive is contoured to your height and your spine's curve. The "floating" massage heads glide over your back and by using the virtual map, knowing exactly where to massage you and where not to.

Industry Leading Massage Coverage

That's 4,258 cm² of therapeutic massage coverage.

With a rolling stroke length of 76,2 cm, the Panasonic 30002 Real Pro Premium offers 1,290 cm² of massage coverage in the back, and an additional 2,968 cm² of massage coverage for your hips, arms, calves and feet.

Four Unique Massage Styles

The Panasonic EP30002 creates four unique massage styles which can be selected during a massage:

-Shiatsu

- Swedish

- Fist Kneading

- Grasping

Spot Specific Massage Relief - Junetsu

The Panasonic EP30002 Real Pro Premium can be finely tuned to deliver a spot focused massage experience for extra sore regions.

**Panasonic
exclusive**

The Panasonic exclusive „Junetsu“ massage mode uses tight circular massage motions to penetrate sore muscles.

Junetsu, the Japanese word for "Premium-fine kneading," quickly loosens up tight muscles with a spiral circular motion that reverberates and invigorates down through the muscles to the surface of your bones.

True Depth Adjustment

Besides offering more features than any massage chair before, the new Panasonic EP30002 Real Pro Premium is able to adjust the depth of which the massage heads extend into your back.

By using the electronic intensity adjustment, the massage heads will automatically extend further for stronger massage pressure and retract for less pressure. Choose from 3 levels of intensity (soft, medium, strong).

Advanced Quad-Style Massage Modi

The grasping function can reach on the tops of your shoulders and pivot down to massage the tops of your shoulders. No other massage chair can deliver a better massage for your shoulders than the EP30002.

Arm and Hand Massage

Your arms and hands are massaged to reduce the tension and strain in your arms.

It can also provide a soothing shoulder stretch during your massage.

After a long day with your keyboard, this just might be your favorite feature!

Stimulating Leg Massage

Only five minutes of leg massage are leading to a remarkable increase on blood circulation – the ideal treatment for cold legs

Reflexology Foot Massage

For the most soothing foot massage experience, the EP30002 Real Pro Premium massages with three airbags for each foot.

Adjustable and removable plates are incorporated to add reflexology therapy into the massage experience.

This reflexology massage feature stimulates additional acupressure points in your feet, increasing blood and energy flow throughout your entire body.

Hip, Thigh and Shoulder Stretch

By gently grasping your legs or arms while lowering the calf and back rest, the 30002 Real Pro Premium can improve flexibility while simultaneously relaxing the body through massage.

Stretching is improved combined with a massage, improving circulation and muscle relaxation. Increased flexibility can reduce risk of injury and improve mobility.

Acupoints

You have approximately 350 acupoints on your body, with nearly 100 on your back and neck alone.

From the soothing palm style of Swedish massage, to deep tissue kneading, to Shiatsu massage, the EP30002 Real Pro Premium has a variety of techniques for invigorating these energy acupoints.

Easy to use remote control

With its 1117 unique massage modes, learning to use EP30002 Real Pro Premium still remains very convenient.

After over three decades in the massage chair business, Panasonic has designed an extremely user friendly and intuitive remote control that anyone can learn to use.

16 Customizable Programmes

You can create your own custom programmes which EP30002 remembers for the next time you're ready for a massage. Create up to 4 customer programmes for 4 different users.
